MEMORANDUM FOR THE RECORD

SUBJECT: Promise of Unexpected Benefit from Color Training
Contract with [REDACTED]

25X1

1. During the course of a telephone conversation I had
3 August with [REDACTED] Program Manager of the
[REDACTED] Color Training Contract with NPIC, I learned that
[REDACTED] and
one of the world's most respected authorities in vision, is
most interested in DONATING his time and considerable talent
to assisting the [REDACTED] color effort. [REDACTED] research
and teaching programs are financially sound, but he is con-
cerned that many potentially useful basic research findings
are not being brought to bear upon practical problems.

25X1

2. Upon hearing of the [REDACTED] effort, [REDACTED] volunteered
his services in two ways: 25X1

- a. consultation services, as required, and
- b. incorporating within a new course in color vision
to be given this fall, reasonable research topics that may
be investigated by advanced graduate students in a multi-
disciplinary environment.

3. I encouraged [REDACTED] to capitalize upon [REDACTED]
kind offer, and suggested that one research candidate should be
concerned with image quality assessment of color photography.
Other candidates will be recommended during a contract moni-
toring trip in August. [REDACTED] is currently cleared Agency
